

NJDEP Division of Fish & Wildlife presents

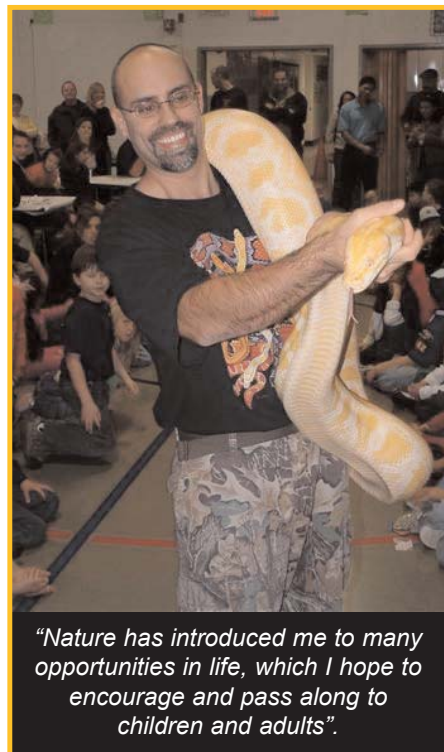

**HACKETTSTOWN NATURAL RESOURCE
EDUCATION CENTER**

at the Hackettstown State Fish Hatchery

Rizzo's Reptile Discovery**FREE****Thursday, August 14, 2008****6:30 pm****REGISTRATION
IS
REQUIRED**

Get up close and personal with a boa constrictor in this intimate presentation that highlights the importance of reptiles and amphibians as environmental indicators of the natural and man-made world. Water pollution such as litter, animal waste and motor oil has a significant negative impact on these delicate creatures. Come to learn what you can do to help.

The presentation also focuses on native and introduced species, as well as the threatened and endangered reptiles and amphibians found in New Jersey.=]

"Nature has introduced me to many opportunities in life, which I hope to encourage and pass along to children and adults".

**This program is appropriate for the entire family.
For more information and to register, call (908) 637-4125.
Funding for this program is made possible by the
Hackettstown Clean Communities Program.**
